

November 14, 2007

Dear Friend,

In the province of Takeo, Cambodia there is approximately one million people with little or no access to medical care. They have very little knowledge of nutrition, general physical hygiene, prenatal care, first aid or preventative education. This results in unnecessary illness, infections and infant deaths. They have little or no money to pay for medical care which is hours away from where they live. I am asking you to help me provide much needed medical care and education so these Cambodian people can live healthier, longer lives.

I have begun planning for the Abundant Life Center in the Takeo Province outside Phnom Penh, the capital of Cambodia. It will be a center where the villagers can come for basic medical needs education and training. It will also be a home base from which visiting medical teams will be sent out to the various rural areas of the province. These teams will be housed in the center as they conduct clinics, minor surgeries and baby deliveries.

This is a Fallbrook Christian community project working through Calvary Chapel Fallbrook's Non-Governmental Organization (NGO) status to reach out to others in desperate need. There are already a few participants and donors for the project that have pledged their support and services. Would you please pray about providing funds and/or services for the Abundant Life Center? Your support will make a difference for thousands of villagers and their children. The purchase of the land and construction of the clinic will cost approximately \$100,000.00. Please share this vision with your friends. The more people that contribute, the faster we can construct the clinic and provide the much needed medical care.

Please fill out the enclosed form and mail it, along with your Abundant Life Center support check and/or the marked services you can provide, in the enclosed envelope. Please make your checks out to Calvary Chapel Fallbrook and put A4560-Clinic on the memo line of the check. Since Calvary Chapel has a current Cambodian NGO status, they will be supervising the requirements for construction and finances. If you have any questions, please call me at 760-521-4651.

Thank you so much for joining me in this vision that many of us have for the needs of the Cambodian people of Takeo Province.

In the service of our Lord Jesus,

Amy Putnam, Cambodia Missionary (Support #A4540)
